

**Durgesh Srivastava**

8698538455

**8.2 Years of Experience**

UFT, C#, VbScript, TestComplete, Python

[durgeshsrivastava1987@gmail.com](mailto:durgeshsrivastava1987@gmail.com)

### Experience Summary

- **8 Years and 2 Months** of Experience in IT Industry.
- Expert in designing and proposing solutions, part of various successful POCs.
- Lead a team of 4 people at offshore delivering automation solution in C#/Xamarin.
- Close co-ordination with client and onshore team suggesting new changes in development
- Consistently delivers working deliverables that meets standards.
- Efficiently executes assigned actions.
- Strong communication skills thus having **ability not only to design but also present solutions** to client.
- Collaborates closely with customers.
- Proven ability to work independently or as part of a team.
- Actively involved in Design & Development of Automation Frameworks in various projects.
- Learned BDD with C# to deliver project and switched Technology.

### Technical Summary

- Worked on Automation Testing in **QTP/UFT** having **5+ years** of Experience in same. Implemented various projects and brought few projects on track which were off-schedule.
- Good knowledge of programming languages like –
  - **C#**
  - **VbScript**
  - **Python**
  - **PHP, JQuery, HTML**
- Efficient and effective in utilizing Technologies like:
  - **MS Office Suite**
  - **Visual Studio, SVN**
- Worked on Front-End Technologies:
  - **HTML, CSS, JQuery**
- Worked on Back-End Technologies:
  - **PHP**
- Worked on Database Technologies:
  - **DB2**
  - **MySQL, PL/SQL and SQL Server.**
  - **MongoDB**

## ACHIEVEMENTS

- **Visual Studio in C#** - Did Successful POC in C#, learned it from Scratch and implemented solution. **Implemented complete automation testing solution** from scratch. **Received various appreciations from client/onsite Program Manager.**
- BDD automation testing in **TestComplete / C#** with 3 Years of experience in it.
- Did implementation of solution in **Xamarin** to automatically test and execute test cases in Android Application, implemented API testing in same project on C# without actually using any automation tool.
- Learned and implemented project in C# from scratch for which received various appreciation emails and awards from client side.
- Created various Scripts (Utilities not part of actual project deliverables) in VBScript and QTP for automating manual process followed.
- Was involved in Framework designing in QTP and maintaining of code, Recovery Scenarios and Function libraries for the test.
- Received two awards in back to back quarters (**POB and Bravo**) for quickly learning new technologies and implementing the solution.
- **Topper in Mathematics** in HSC board (school level).

## Work Experience

Company	Designation	Duration	Roles/Tools worked
Tech Mahindra	Tech Lead	Aug 2016 – Present	- Acquired new project with successful POC. - Lead a team of 4 for Xamarin Automation Testing. C#, UFT, VbScript, Python
Cognizant Technologies	Associate	Jan 2015 – Jul 2016	- Build a complete Project/Team from scratch. - TestComplete/C#
Inautix Technologies	Senior QA Analyst	Apr 2014 – Dec 2014	- Designed different solutions using UFT
Tech Mahindra	Software Engineer	Mar 2011 – Mar 2014	- Manual Testing along with UFT script maintenance and creation.
AntiClock Softwares	Software Engineer	Jan 2010 – Jan 2011	- Design and maintain websites. - HTML, PHP, Joomla and JQuery.

## Academics

Degree	Univ/College	Year	Percentage
PGDM	Welingkar Institute of Management	2017	70%
B.Tech. - IT	UPTU	2009	70.3%
XII	Spring Dale College(ISC)	2005	74.2%
X	Spring Dale College(ICSE)	2003	77%
